Currently all vendors are negotiating for all inclusive daily rates known as "per diem" rates. this type of billing. Per diem billing will capture everything that is provided to the client and billed at a set rate. Professional Services Fees such as admission assessment, hospital rounding, discharging and documentation of the treatment of the client and billable by that professional services provider are most often not part of the 'per diem rates". They are billed separately and subject to your Copays and deductible or co-insurance are billed separately to your Medical Service|Behavioral Health payer. Only Copay and Deductible amounts that are specified in the Explanation of Benefits as provided by your payer will be billed to the client or guardian.
